## On the Road ... To **Revelstoke**

One of the questions that our guests ask most frequently is: what's the best way to get to you? The beautiful community that we call home sits on the floor of the Columbia River valley in the heart of British Columbia, Canada, with mountains and the historic river right on our doorstep. Many of our guests enjoy the drive through wonderful mountain scenery to reach Revelstoke: by vehicle, we're five hours from Calgary, Alberta and Spokane, Washington, and six hours from Vancouver, British Columbia.

You can also fly into Kelowna International Airport — which just happens to put you right in the middle of one of Canada's outstanding wine regions (in the summer, it's a golfing and biking

paradise, too, although we don't suggest combining those activities with too much wine tasting!). Many of our guests enjoy flying into Kelowna (which offers flights from Seattle, Calgary, Vancouver and other key departure cities) and then renting cars for the 2.5-hour drive to Revelstoke, as the evenings provide opportunities to enjoy the spectacular area around town.

## About Heli Canada Adventures

HCA specializes in exclusive, small group heli adventures. Our winter adventures feature powder ski and snowboard touring, and heli snowshoeing — and we also team up with two high-quality partner companies to offer heli skiing and heli snowboarding.

Our summer adventures range from heli picnics to heli backpacking, with heli hiking and heli mountaineering as our signature offerings.

We match each trip and group to your pace and expertise, making our adventures ideal for families, couples and single travelers. We also specialize in designing corporate, private and incentive heli adventures to fit your goals. From our base in Revelstoke, British Columbia, we provide unparalleled access to some of North America's most pristine mountain wilderness.

We can also pick you up from Kelowna if you'd prefer, by vehicle, helicopter or charter fixed wing aircraft (which we can also arrange from Calgary). And if you'd like to stay in Kelowna for a few extra days, we're happy to arrange hotel rooms.

If you're including our package in a longer Rocky Mountain experience, we love the idea of flying into Calgary and renting a vehicle there for the trip. You'll be able to see the city that's the Heart of the New West, plus all the signature sights in the Rockies — and, of course, the best experience of all: the alpine backcountry, with Heli Canada Adventures (not that we're at all biased!).

## Big Eddy Back on the Slopes!

We have some great news for those of you who enjoy following the antics of our canine adventurer, Big Eddy: he earned his recertification as an avalanche dog! It's going to be an exciting season, as this will be his last winter before retiring — sleeping on the bed, dog tricks and maybe even a few tidbits from the table are on the horizon for this well-deserving pooch.

But first — he's hitting the slopes once again in his official capacity as an avalanche rescue dog. We're so proud of him (and of owner/trainer Bob Shafto). We're also very grateful to Hills Pet Nutrition for their generous sponsorship of Big Eddy's food — thanks, Hills!

## Post your pictures!

Have you enjoyed one of our adventures? Don't forget that we're looking for your photos for our new photo gallery. Just e-mail them in jpg format to [info@helicanada.com](mailto:info@helicanada.com) and we'll put them up on the website for everyone to enjoy.

## Revelstoke Mountain Resort — Open!

Revelstoke recently gained its very own lift-serviced ski resort, and the verdicts are in — this is serious powder snow! And even better, because it's so new, you'll enjoy untracked slopes and a definite lack of line-ups at the lifts. The resort also offers CAT skiing and heli skiing that provides access to half a million acres of alpine terrain, for an awesome all-around experience.

## Featured Adventure Custom Winter Backcountry Adventures

If granite peaks cloaked in a mantle of white get your adrenalin level up, just wait until you see the powder-soaked slopes below those peaks! Since the snow stays well into April and May, you still have time to enjoy it before it gives way to the first buds of the alpine wildflowers — your way.

That's right — we're happy to work with you to come up with completely customized winter backcountry adventures. Wherever you want to go, and whatever you want to do — ski, snowboard, snowshoe, ski touring — we'll make it happen. To book, just drop us a line at [info@helicanada.com](mailto:info@helicanada.com) or 1-888-837-5417.
