Heli Assisted Ski Touring 2024 -2025

We are excited to add Heli Assisted Ski Touring/Split Boarding to our tenure for early and late season ski touring/split boarding, avalanche and glacier travel and crevasse rescue courses. If the snowpack in the valley bottoms is not sufficient to allow you to get to the goods, let's take the helicopter! Starting each season from November first to the end of November and starting again April first until the snow is no longer acceptable, we look forward to sharing the Monashee Mountains with you on skis and snowboards.

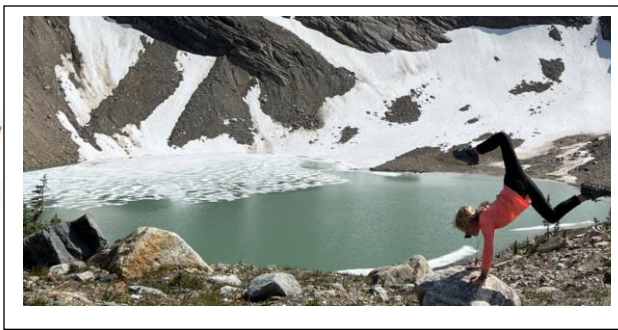

Would you like to ski tour/split board in one spot in the morning and another in the afternoon – this is possible. Would you and your group like to do a crevasse rescue course by flying right to the glacier to maximize your learning time – this is possible. Is an avalanche course early season your group's idea – this is possible.

Two guides will be with each group. A backcountry safety briefing, where we discuss and use our avalanche transceivers, probes, and shovels, starts the day, and is followed by a helicopter safety briefing. We then depart to a blank canvass to leave tracks! A radio dispatcher in our office will keep tabs of our progress, rounding out the safety net.

We will be basing the pricing on the helicopter time you want to use to meet your goals. Look for an update to our winter website in early June for 2024 - 2025 Heli Assisted Ski Touring/Split Boarding adventures.

Currently, there is great skiing up high now for any of you who would like to go for a May ski tour- give us a call!

Your Summer Adventure Is Here...

We understand how you feel. Here at Heli Canada Adventures, we specialize in the world-class combination of helicopter transport, inn accommodation and outdoor experience that make all of this possible. We've never lost the thrill of the helicopter soaring over a ridge, or the wonder of a mountain goat gracefully climbing high above where we're hiking. That's why we focus on your dreams of what a vacation can be...helping families share a discovery of nature, for example, arranging a once-in-a-lifetime sojourn for a small office group, or enabling honeymooners and others who require total exclusivity to enjoy the solitude our mountains provide. And we take pride in ensuring that our exciting trips suit every age group, fitness, and expertise level, from novices to seasoned veterans. Call us today and tell us your idea of a helicopter vacation.
