

HELI ASSISTED SKI/BOARD TOURING 2024 - 2025

Who? Ski Tourers and Split Boarders who have a passion to get out there to learn or rack up the vert.

What? Heli Assisted Ski Touring/Split Boarding is using the helicopter to access the goods when it is impossible or difficult to get to the alpine where the stash of powder is.

When? The month of November, as soon as there is enough snow in the alpine. Then starting again April first until the snow is no longer good skiing.

Where? The Gold Range of the Monashee Mountains just west of Revelstoke B.C. Canada

Why? The lack of snow in the valley bottoms early and late season preventing die hards getting to the stash of pow! Allowing students taking Crevasse Rescue and Glacier Travel course to maximize their time learning the skills of instead of on a skin track to get to the glaciers from the valley bottoms. Early Season Avalanche Skills Training courses also benefit from getting to the goods right away.

How? Two certified guides per group. We will get a drop off and a pickup at the end of the day. The pricing options will be based on helicopter time. Each point is equal to 6 minutes. The helicopter time options will be 0.6 of an hour, 0.8 of an hour and 1.0 hour for the ski touring and split boarding guests. Crevasse Rescue and Glacier Travel courses are based on 0.8 of an hour and Avalanche Skills Training will be 0.6 of an hour. You will be in the helicopter for half of the time.
